PAKISTAN JOURNAL OF SCIENTIFIC AND INDUSTRIAL RESEARCH

Vol. 44 CONTENTS December 2001

No.1, February

PHYSICAL SCIENCES

Effect of temperature of binding liquid on some tablet properties
M A Iwuagwu and A O Onyekweli (Nigeria) 1

Dielectric relaxation studies of some aromatic hydrocarbons and their naphthene mixtures
S Shakil Ahmad, Mohammed Yaqub and Khalil A Nasir (Pakistan) 5

Evaluation of dissociation and thermodynamic constants of quinoline using potentiometric method in aqueous and mixed organic-water solvents
Hafiz A Bari Indher and A W K Khanzada (Pakistan) 12

Studies on seaweed extracted elicitors and their analysis for antimicrobial activity in chickpea cotyledons
Fatima Bi, Seema Iqbal, Shahnaz Ahmed and Nasim F Usmani (Pakistan) 18

Sorption behaviour of 3-(3, 4-dichlorophenyl)-1, 1-dimethyl urea on soil
F E Okieimen, L E Odagwe and C E Ikuenobe (Nigeria) 22

Short Communications

Evolution of surface area of clay treated with sulphurous acid and its subsequent activation
C O Okieimen, F E Okieimen and A O Aluya (Nigeria) 25

Low spin trinuclear complexes of labile vitamin B_1 with cobalt (II)
James Oluwasanjo Ojo (Nigeria) 27

BIOLOGICAL SCIENCES

Heavy metal accumulation in road side vegetation of urban areas of Karachi
A H K Yousufzai, Durdana Rais Hashmi, Farooq Ahmed and Kamran Durrani (Pakistan) 29

***Forcellinia tumulus*, A new species in Pakistan belonging to the family Acaridae (Acari)**
Muhammad Sarwar (Pakistan) 33

Acute toxicological evaluation of the aqueous extract of *Eclipta alba* Hassk
Naseem M Qadri, Shahnaz Ahmad, Shamim Qureshi and Yasmeen Badar (Pakistan) 38

Cluster analysis of vegetation of Swat District
M R Awan, Naeem Ashraf Raja and Muhammad Idris (Pakistan) 42

Preparation of pharmaceutical grade sodium aescinate and aescin polysulphate salt from *Aesculus indica* seed
L Khan, K D Ahmad and N Shafi (Pakistan) 52

Short Communication

Variability in yield and volatile constituents of *Cymbopogon jawarancusa* (Jones) Schult from Pakistan
M Riaz, Rafi Ahmad and F M Chaudhary (Pakistan) 56

TECHNOLOGY

Extension in the shelf life of shrimp (*Penaeus merguiensis*) using cell free supernatant of lactic culture
Seema Ismat Shamshad, Rabia Zuberi and R B Qadri (Pakistan) 58

No.2, April

PHYSICAL SCIENCES

Synthesis of 5H-imidazo [1, 2-a] thiopyrano-[4', 3': 4, 5] thieno [2, 3-d] pyrimidin-5-one
A Z M Shaifullah Chowdhury, M M Rahman Khandker, M M H Bhuiyan and M K Hossain (Bangladesh) 63

Modification of gelatin by grafting with methyl methacrylate
A Rasheed Khan, A F K Ifrahim, Kausar Ali Syed and Tehzeeb Akhtar (Pakistan) 67

Chemical, mineralogical characterization and liberation studies of Koh-i-Sultan sulphur
I H Khan, Fayyaz Mahmood and Mustansar Naeem (Pakistan) 72

Positional isomers of octadecenoic acid separated from oils of three *Carum* species of Umbelliferae family
Tanweer Ahmad Chaudri, Ijaz Ahmad, Din Muhammad and Manzoor Ahmed (Pakistan) 75

The study of correlation of B-coefficient with other additive properties for crotonic acid
Fahim Uddin, Rehana Saeed and Samiullah (Pakistan) 79

BIOLOGICAL SCIENCES

SDS-PAGE of haptenised mouse skin microsomal protein
L Khan, N Shafi, and R J Schmidt (Pakistan) 83

Effect of marine algae on cholesterol metabolism in rabbit
Shahnaz Ismail, Maryam Mirza, Alia Bano, Viqaruddin Ahmed and Yasmeen Badar (Pakistan) 86

Comparative fastness assessment performance of cellulosic fibers dyed using natural colorants
Adeola Victor Popoola (Nigeria) 89

The fatty acid composition of seed oils of *Citrus sinensis* varieties: *Valencia* and *Salustiana*
Shahid Mahmud, Shazia Akbar and Abdul Sattar (Pakistan) 93

Diuretic studies on lemon grass tea from *Cymbopogon citratus* (DC) Stapf in rat
Maryam Mirza, Abid Askari, Zahra Yaqueen, Zamir Ahmad and R B Qadri (Pakistan) 96

Effect of the predator, *Menochilus sexmaculatus* (Fab.) in controlling potato aphid, *Myzus persicae* (Sulzer)
M A Mannan, K S Islam and M Jahan (Bangladesh) 101

Stability and adaptability analysis of some quantitative traits in upland cotton varieties
Mohammed Jurial Baloch (Pakistan) 105

TECHNOLOGY

Bulk solid state copolymerization of acrylamide with phthalic anhydride UV-irradiation at 60±1°C
A Rasheed Khan, Z H Farooqui and Muhammed Ejaz (Pakistan) 109

Review Article

Pore size measurement in soil: A review of methodology
M Mahmood-ul-Hassan (Pakistan) 114

No.3, June

PHYSICAL SCIENCES

Synthesis and pharmacological activities of certain esters of anthranilic acid containing sulfanilamide moiety
Abdel-Ghany A El-Helby (Egypt) 121

Heavy metal contents and other physical quality indices of sewerage, canal and drinking waters
Sara Mehmood, Abdus Sattar, Ihsanullah, Shaheen Atta, Tariq Nawaz and Samina Arif (Pakistan) 127

Grafting of growing polymeric chains
A Rasheed Khan, Khalil Ahmed and A F K Ifrahim (Pakistan) 132

Studies on pesticide residues in human blood
Zahida Parveen and S Z Masud (Pakistan) 137

Curing of natural rubber and epoxy adhesive
A M Motawie and E M Sadek (Egypt) 142

Spectral studies of binary and ternary complexes of some sulfa-drugs
Nadia A Abdalla, A H Amrailah, M A Chandour, E A Kasim and O A Farghali (Egypt) 148

Condensed benzopyrans. VI. 8*H*-pyrano[3,2-*f*] quinoxalines
Misbahul Ain Khan and Edvaldo Cavalcanti Caldas (Brazil) 153

BIOLOGICAL SCIENCES

Effect of benlate on the efficacy of *Bradyrhizobium* sp., in the control of root rot diseases of crop plants
I A Siddiqui, S Ehteshamul-Haque, M J Zaki and A Ghaffar (Pakistan) 156

Autolysis of proteolytic enzyme in metastatic breast cancerous tissue
Rukhshan Khurshid, Mohd Saleem Akhtar, Nasim Akhter and Mumtaz Begum (Pakistan) 159

Traffic noise in Hyderabad city. Part II. Vehicular contribution to road traffic noise
G H Shaikh (Pakistan) 163

Hypotensive action of an extract of *Hibiscus rosa sinensis*, Linn
Shahnaz Ahmed, Shamim Qureshi, Maryam Mirza, Naseem M Qadri and A Q S Bukhari (Pakistan) 168

Utilization of rapeseed meal/cake in poultry feed. Part II. Effect of incorporating higher levels of rapeseed cake in poultry diet on laying performance of brown-egg layer (Tetra SL)
Amal Badshah, Aurang Zeb, Nizakat Bibi, Sajjad Ali, M A Chaudry and A Sattar (Pakistan) 171

Studies on the isolation and screening of indigenous citric acid producing strains
Najma Murtaza, Tahira B Sarfaraz and Shaheen A Husain (Pakistan) 175

The rheological and baking properties of wheat/cocoyam composite flour
E Afolabi Bamidele and E Adamaka Nwanya (Nigeria) 178

Economic gain from sunflower-mungbean inter cropping systems under rainfed conditions
Shahbaz Ahmad and Muhammad Anwar (Pakistan) 181

Short Communication

Biochemical and antibacterial studies of ajowan (*Carum copticum*) oil
M Qasim and M Rafiq Khan (Pakistan) 184

TECHNOLOGY

Impact of aluminium tanning on the internal membrane of bovine stomachs for novelty leather
Muhammad Saeed Khan (Pakistan) 186

Determination of the thickness of gold layer
Sara Qaisar, Rakhshanda Kaleem, Muhammad Farooque and A. ul Haq (Pakistan) 189

No.4, August

PHYSICAL SCIENCES

Synthesis of 5, 7-dihydroxy-8-C-prenylflavanone
M Amzad Hossain, S M Selahuddin and S A Tarafdar (Bangladesh) 191

Mossbauer spectral studies of tri-di-and chlorodi-organotin carboxylates
Saqib Ali, Mohammad Danish, Moazzam Hussain Bhatti, Mohammad Mazhar and Sohail Mahmood (Pakistan) 194

Some organoperoxo complexes of zirconium (IV), thorium (IV) and uranium (VI)
M T H Tarafder, M Shamsul Islam, S C Pal and M R R Khan (Bangladesh) 198

Grafting of acrylonitrile onto potato starch (PS) using ceric ammonium nitrate as initiator
A Rasheed Khan, Kausar Ali Syed, Khalil Ahmed and A F K Ifrahim (Pakistan) 203

Potentiometric determinations of dissociation constants and thermodynamic parameters of 4-aminoquinoline in aqueous, aqueous-dioxane, aqueous EtOH and aqueous-MeOH solutions at various temperatures
Hafiz A Bari Indhar and A W K Khanzada (Pakistan) 208

Short Communication

Electron impact studies on some ethyl 2, 3-dioxobutyrate-2-phenylhydrazones
N Prasad, A Sahay and N P Singh (India) 215

BIOLOGICAL SCIENCES

Study of the coumarin and volatile oil composition from aerial parts of *Achillea millefolium* L.
Kh M Ahmed, S S El-Din, S Abdel Wahab and E A M El-khrisy (Egypt) 218

Utilization of rapeseed meal/cake in poultry feed. *III.* Effect of incorporating increased levels of rapeseed cake (post-autoclaving extraction) on performance of brown-egg-layer (Tetra SL)
Amal Badshah, A Zeb, N Bibi, S Ali, M A Chaudry, F Mahmood and A Sattar (Pakistan) 223

Microbiological suitability of African bitter yam starch
M A Iwuagwu and J O Akerele (Nigeria) 227

Comparative efficacy of chemicals on the control of nematodes in banana
H A Khan, S A Khan, F Qamar and A H Shah (Pakistan) 231

Mammalian toxicity studies of Nimbokil-60 EC
S A R Kazmi, N M Qadri and Y Badar (Pakistan) 234

Inter-racial heterosis in maize hybrids
M Iqbal, M Saleem and O Rashid (Pakistan) 239

TECHNOLOGY

New disperse dyes from substituted pyridines. *Part-I*
Synthesis of methyl-4, 6,dihydroxy-2 oxo-1-phenyl-5-arylazopyridine-3-carboxylate and their derivatives
Rasheeda Parveen, Muhammad Aleem Ahmed, Shaheen A Husain and Shahida Parveen (Pakistan) 244

Review Article

Vacuum heat treatment of engineering materials; the technical aspect
S Khan, M A Khan and A ul-Haq (Pakistan) 248

No.5, October

PHYSICAL SCIENCES

Determination of mercury by liquid chromatography in fresh water fishes using 2-thiophenaldehyde-4-phenyl-3-thiosemicarbazone
M Y Khuhawar and S N Languani (Pakistan) 253

Synergistic effect between thiol collectors in reaction with sulphide minerals
M Riaz, A R Khan, Mumtaz Khan, Kamin Khan and Asadullah Jan (Pakistan) 257

Synthesis of terpolymer of ethyl acrylate (EA), *n*-butyl acrylate (N-BA) and butyl methacrylate (BMA) and solution blending with chlorinated rubber (CR)
A Rasheed Khan, Khalil Ahmed, Kausar Ali Syed and A F K Ifrahim (Pakistan) 263

Pyrazole aroyl hydrazones as ligands. *Part-I.* 1, 3-Diphenylpyrazole-4-carboxaldehyde benzoyl hydrazone as ligand for metal complexes
Irshad Ahmad, Misbahul Ain Khan, Makshoof Athar (Pakistan) 268

Synthesis and characterization of complexes of cobalt(II), nickel(II) and copper(II) with 1-hydroxyl-2, 3-diphenyl-6-amino-6-mercapto-1, 4, 5-triaza-1, 3-hexadiene(HL)
Ramesh Kumar, Madhulika Vatsa, K K Sharma, Saroj Kumari and H C Rai (India) 273

Short Communication

Synthesis of 3-hydroxy-3′,4′-methylenedioxy-6″, 6″-dimethylpyrano (2″, 3″:7, 8) flavone
M Amzad Hossain (Bangladesh) 277

BIOLOGICAL SCIENCES

Quantitative studies on the vegetation of Islamabad
Saleem Ahmad and Ziaud Din Khattak (Pakistan) 279

The anthelmintic activity of *Hunteria umbellata* K Schum (Fam. Apocynaceae) extracts
Asije Oluwemimo and Cyril Odianose Usifoh (Nigeria) 286

Determination of major and trace elements in *Artemisia elegantissima* and *Rhazya stricta* and their relative medicinal uses
F A Kaneez, M Qadiruddin, M A Kalhoro, S Khaula and Y Badar (Pakistan) 291

Studies on the efficiency of cow dung compost as food producer in carp *(Cyprinus carpio)* culture
Khalid Jamil, Razia Sultana, Abbas Shah and Lin Hong (Pakistan) 294

Effect of planting methods on the growth and yield attributes of two sunflower cultivars
S D Tunio, Munwar M Solangi, M U Samo and V Suthar (Pakistan) 297

Antimicrobial activity and phytotoxicity of sterols from *Chara wallichii* A. BR. (Charophyta)
Syed Muhammad Khaliq-uz-Zaman, K Simin and Mustafa Shameel (Pakistan) 301

Screening of soybean germplasms for resistance against *Colletotrichum truncatum* infection
I Hossain, M R Islam and M M Hamiduzzaman (Bangladesh) 305

Production of high titre antisera in rabbits against *Clostridium perfringens* beta and epsilon toxoids
M S Rahman and M M Rahman (Bangladesh) 308

TECHNOLOGY

Quantitative estimation of diacetylmorphine by preparative TLC and UV spectroscopy
L Khan, M T Siddiqui, N Ahmad and N Shafi (Pakistan) 312

No.6, December

PHYSICAL SCIENCES

Preliminary studies on the electrical conductance and the viscosity of some Nigerian traditional soaps in aqueous solution
B F Adeosun, T T Akande, P A Oyewusi and S A Akinyele (Nigeria) 315

Scavenging cadmium, copper, lead, nickel and zinc ions from aqueous solution by modified cellulosic sorbent
Esther U Ikhuoria and F F Okieimen (Nigeria) 321

Dielectric strength of some blended polymers prepared in the form of thick film
S Shakeel Ahmed, Mohammad Yaqoob, Shabih-ul-Hasan and A Rasheed Khan (Pakistan) 325

Study of the rates of bimolecular ionic reaction between dibromosuccinate and hydroxide ions
Fahim Uddin, Hajira Tahir and Noor-un- Nisa (Pakistan) 329

Assessment of heavy metals in *Clarins buthopogon* (fish) parts and *Nymphaea lotus* (aquatic plant) in river Niger, delta state of Nigeria
G E Nwajei and J U Oruvwuje (Nigeria) 333

Short Communications

Spectrophotometric determination of metals in Pakistani and foreign brand cigarette tobacco
M Ikram, M A Rauf, S Ali and M Iqbal (Pakistan) 338

Spectroscopic study of cationic hemicyanine dyes in lithium dodecyl sulfate solution
S W H Shah, Kashif Naeem, K M Asif and S S Shah (Pakistan) 340

BIOLOGICAL SCIENCES

Persistence of pesticide formulations alone and in combination with fertilizers in soil
Shahida Akhtar, Nusrat Hasan and Syed Zafar Masud (Pakistan) 343

Roosting ecology of red junglefowl *(Gallus gallus spadiceus)* in oil palm plantation
Muhammad I Arshad, Mohamed Zakaria, Ahmad S Sajap and Ahmad Ismail (Malaysia) 347

Toxic effects of copper and zinc on germination and seedling growth of some trees
Muhammad Zafar Iqbal, Qudsia Abbas and Muhammad Shafiq (Pakistan) 351

Biological evaluation of whole soymilk produced by indigenous soybean
S N Saeed, K Almas, N Bhatty and A S Hashmi (Pakistan) 356

Influence of nutrients on the biological oxidative activities of a locally isolated *Thiobacillus ferrooxidan*
Mujeeb ur Rahman and Shereen Gul (Pakistan) 361

TECHNOLOGY

Local development of PEG assisted double antibody T_4-radioimmunoassay
Khan Mohammad Sajid (Pakistan) 365
